Experience

Internship | Software Engineer at HackerRank Remote | 19 Aug 2024 - 19 Oct 2024

- Earned a Software Engineer Intern **certification on HackerRank** by solving complex coding challenges, demonstrating proficiency in algorithms, data structures, and problem-solving.

Internship | Campus Ambassador, GeeksforGeeks Remote | May 2023 - March 2024

- As a Campus Ambassador at GeeksforGeeks, I promoted events and organized coding sessions to foster a coding culture. I also provided feedback to enhance their resources for students' learning experiences.

Internship | Campus Ambassador, E-Cell IIT Bombay Sept 2024 – Oct 2024

- As a Campus Ambassador at E-Cell IIT Bombay, I promote entrepreneurship events and workshops to engage students in startup culture. I help connect aspiring entrepreneurs with industry opportunities.

Internship | Student Executive at Unstop Remote | Oct 2024 - Present

- Student Executive at Unstop: Acted as a **campus ambassador** for Unstop, promoting its events, competitions, and opportunities among peers.
- Organized and facilitated student participation in national and global challenges, helping increase engagement. Developed leadership, communication, and marketing skills while collaborating with Unstop's team to foster a competitive learning environment on campus.

Education

Jodhpur Institute of Engineering & Technology
CSE (AI & ML) B.tech
CGPA : 7.05

Jodhpur Rajasthan
Sept 2023 – Sept 2027

Projects

University Management System | Link Core Java , SQL

- The University Management System Developed a comprehensive platform to **streamline university operations**, including student information management, course scheduling, admissions, faculty management, and nancial processes. Enhanced communication, reduced administrative workload, and improved overall e ciency.

TechieHelp ChatGPT | Link Python , Streamlit , API keys

- Developed a chatbot using **Python and Streamlit with OpenAI API integration**, enabling users to generate code snippets, identify errors, and receive personalized support for coding queries.
- Features include response **downloads in PDF/Excel formats** and text extraction from PDFs, enhancing user engagement on the TechieHelp website.

TechieHelp Website | Link JavaScript , HTML, CSS , EJS

- TechieHelp is a comprehensive platform offering **internships** across tech fields, professional **services** such as web and app development, and **practical tools** to make daily tasks easier.
- The platform features **coding courses** and hands-on **projects** to build essential skills, along with **admissions** guidance to support educational goals.

Certifications

Software Engineer Intern - HackerRank
Software Engineer - HackerRank
Python - HackerRank
JavaScript - HackerRank
